

AS3*F1 Hybrid*

Origin:	ITALY	
Breeder:	L'Agricola S.r.L	
Contact:	agricola2@agricola.ws	
Type:	full flavour	
Description		
<p>This variety, F1 hybrid, around 150 cm of height. It has been selected to obtain short size plants to favour mechanical harvesting. Breeding work obtained large stalk size, upright stance and good environmental stability. The main objective in breeding this variety was to obtain a variety similar to AS06 with an excellent tolerance to PVY. AS3 generally produces 26 good quality leaves, suitable for "full flavour" tobacco production. This variety prefers medium fertility soils. Late maturity line. The curing required is easy and yield is excellent.</p>
